

Aspire Europe Limited
helping organisations to manage change

MANAGING SUCCESSFUL PROGRAMMES®

ADVANCED PRACTITIONER

Introduction

Managing Successful Programmes (MSP®) is the de facto standard developed by the UK government for delivering change programmes in the UK. This course covers the latest version released in August 2011.

This is designed for individuals who have undertaken the five-day Practitioner course and passed the examinations, and now wish to move on to the higher examination level available.

The two-day course is intense but fun, and is intended to be interactive whilst challenging. Delivery is not through PowerPoint presentation but group learning and problem solving.

Target Audience

This course is ideal for staff involved in Programme Management roles that have passed the Practitioner examination and wish to progress to the next level. The standard for this qualification is higher than that of the previous version of the exams and manual. Individuals who have the pre-2007 version of the manual and qualification will find this course challenging and it will test them at a higher level.

Duration: Two days

Pre-Requisites: Previous experience in a Programme Management environment and successful completion of the MSP® Practitioner qualification.

About Aspire Europe

Our roots are entrenched in Change Programme Management and Performance Management and we are committed to improving the efficiency and effectiveness of organisations through the transfer of our knowledge and experience to your people.

We constantly strive to offer refreshing, stimulating and interesting events facilitated by consultants with a wealth of experience and examples to enhance your learning experience.

We offer further accredited courses to continue your development.

Prior to the event there will be preparation work to consolidate the work undertaken on the Practitioner course into a viable programme for MSP® Care. The amount of work that individuals will need to put in will depend on the time since their five-day Practitioner Course.

In-House Event: Price on application
