

MANAGING SUCCESSFUL PROGRAMMES FOUNDATION COURSE

Introduction

Managing Successful Programmes (MSP®) is the de facto standard developed by the UK government for delivering change programmes in the UK. This course covers the latest version released in August 2011.

This is the 3 day approach to gaining the Foundation qualification. It is an intense course that will require delegates to prepare thoroughly and be prepared for evening work throughout the course. The course includes the Foundation examination and prepares delegates for the Practitioner and Advanced Practitioner courses should they wish to move on to those levels.

Target Audience

This course is ideal for staff involved in programme management roles and who wish to gain a qualification, for example:

- Programme leader
- Programme office staff
- Business Change Managers
- Business Consultants
- Operations staff involved in change programmes

Course Benefits

- Basic level qualification
- Application of MSP® common vocabulary.
- Increased confidence in real world application.
- Thorough knowledge of the MSP® methodology at theory and application level.
- Potential to continue on to Practitioner/Advanced level.

Duration: 3 days

Pre-Requisites: Previous experience of a programme management environment and completion of the pre-course workbook and reading.

Public Event: Public courses are based around the case study scenario that is used for the Practitioner examination.

In-House Event: Can be tailored around a current programme or planned programme to help with planning or transition.

TRAINING ORGANIZATION ACCREDITED BY

About Aspire Europe

The case for using Aspire Europe is compelling; we are an Accredited Training organisation by APM, C4CM and The APM Group and an AXELOS Limited accredited consulting partner. Our trainers include mainly practicing consultants who have achieved Registered Consultant status. Aspire Europe Ltd also provided the Lead Author for the 2007 and the 2011 versions of Managing Successful Programmes.

We constantly strive to offer refreshing courses, material and examples to the market and provide interesting and stimulating events.

The 3 day course is intense, and for individuals coming from a project or operations background the sheer volume of information that has to be processed to achieve Foundation level can be baffling. Preparation is the key to success, which is why we provide a full pre-course programme to help you arrive on the first day fully prepared.

The course prepares delegates for the Practitioner course and subsequent examination.

Public Event: Price on application
In-House Event: Price on application

MANAGING SUCCESSFUL PROGRAMMES

FOUNDATION COURSE

Course Outline

Module	Content
<u>Transformational Flow</u>	
Identifying a Programme	Detailed review of techniques to take a programme from concept to feasibility and a Programme Brief.
Defining a Programme	Development of future business models, planning and application to a case study.
Managing the Tranche	Steps and mechanisms used to enable the programme to flex to external events and keep the programme under control.
Realising the Benefits	Application of steps and activities required to take the capabilities delivered by the projects to release the benefits.
Delivering Capability	Design of case study project portfolio to ensure that they deliver the required capabilities to the change programme.
Closing a Programme	Steps in a structured Closure to ensure that the defeat is not snatched from the jaws of victory.
<u>Governance Themes</u>	
Benefits Management	Identifying and defining, from the case study of a benefits strategy, followed by profiling and modelling their delivery.
Organization & Governance	Design an organizational structure for a programme, identifying responsibilities and additional roles that could be required.
Vision and Blueprint	Establishing a viable Vision on which the programme should be based, and developing an optimal end game Blueprint that steers the programme.
Risk & Issue Management	Apply the 4 levels of Risk to the scenario. Develop mitigation strategies and a process for resolution of issues.

MANAGING SUCCESSFUL PROGRAMMES FOUNDATION COURSE

Course Outline

Module	Content
Planning & Control	Define the contents of a Programme. Plan and identify how the programme will be controlled, with associated responsibilities and tools.
Stakeholder Engagement & Leadership	Identify and analyse the stakeholders, profile and map their interests and issues. Develop the Communications Plan.
Business Case	Look at the challenges for the Business Case in the case study scenario and its use as a control tool.
Quality Management	Design a Quality Management Strategy for a programme and the issues associated with implementation.
FOUNDATION EXAMINATION	Throughout the course, interwoven within the delivery of the theory and the practical examples of good practice, there is ongoing support and preparation for the examination. We provide sample papers and worked exercises using a scenario/case study to help create situations which develop the delegates understanding and recall of the material.
