

# MANAGEMENT OF RISK FOUNDATION & PRACTITIONER COURSE

## Introduction

Effective management of risk helps you to improve performance. Informed risk-taking helps to improve performance through innovative approaches for managing the business, service delivery and value for money. Management of Risk (M\_o\_R®) is the best practice developed by the UK government. This course covers the latest version of M\_o\_R® released in December 2010. This is the traditional 5 day approach to gaining the Practitioner qualification. It is an intense course that will require delegates to prepare thoroughly and be prepared for evening work throughout the course. The course will take delegates through the 2 levels of examination qualification finishing with the Practitioner examination on Friday afternoon.

## Target Audience

This course is ideal for any staff with risk management responsibilities, in project, programme or operational activities, or who are involved in improving risk management practice in their organisation.

- Directors
- Operational Managers
- Programme and Project Managers
- Risk Managers
- Business Change Managers

## Course Benefits

- Increased confidence to delegates in real world application of effective risk management.
- Thorough knowledge of the M\_o\_R® methodology at theory and application level.
- Application of M\_o\_R® methodology to a complex case study
- Thorough knowledge of M\_o\_R® at theory and application level.
- Potential to continue on to Consultant level accreditation.

<b>Duration:</b>	5 days
<b>Pre-Requisites:</b>	Previous experience of Risk Management in a working environment and completion of pre-course workbook and reading.
<b>Public Courses:</b>	Public courses are based around the case study scenario that is used for the Practitioner examination.
<b>In-House Courses:</b>	Can be tailored around a current or planned Change Programme to help with planning or transition.
