

# APMG INTERNATIONAL MANAGING BENEFITS™ FOUNDATION

## Introduction

The purpose of the APMG International Managing Benefits™ guidance and certification scheme is to provide managers and practitioners from multiple disciplines, working in a variety of organizations, with generally applicable guidance encompassing benefits management principles, practices and techniques. “Managing Benefits” has been carefully designed to complement existing Best Practice in Portfolio, Programme and Project Management such as PRINCE2®, MSP® & MoP®.

This three-day course provides participants with a thorough understanding of the Managing Benefits approach, providing the skills needed to confidently manage benefits realization in line with strategic aims of a business and its day to day running. It includes sitting the MB Foundation examination.

## Target Audience

The target audience includes all those with a role in ensuring best use of funds by maximizing the benefits realized from change initiatives. This multi-disciplinary group includes:

- Change leaders (e.g. senior responsible owners )
- Change initiators (e.g. strategic planners and policy leads)
- Change appraisers and evaluators
- Change implementers (e.g. programme managers)
- Change support staff (e.g. project office staff)

## Course Benefits for Individuals

- Enhanced professional competence through benefits management practices and techniques.
- Ability to implement methods, including knowledge of management accountancy and behavioural finance.
- Understanding of the principles upon which successful approaches to benefits management are built and applied.
- Adept at forecasting realistic benefits to produce business cases which address business issues and objectives.

## Course Benefits for Organisations

- Realize benefits to improve prospects in terms of investors, clients, revenue and efficiency levels.
- Ability to demonstrate more efficient and effective practices through better use of available resources.
- Improved return on investment from change initiatives
- Enhanced confidence on the part of regulators and funding agencies.
- Have an organization-wide understanding of the benefits a project or programme will produce and be able to measure when they are realized
