

PORTFOLIO, PROGRAMME & PROJECT OFFICES (P30®) 3 DAY FOUNDATION COURSE

Introduction

Portfolio, Programme and Project Offices (P30) is the standard developed by the UK government to enable individuals and organizations to establish, develop and maintain appropriate business support structures. The guidance brings together a set of principles, processes and techniques to facilitate effective portfolio, programme and project management by proposing proven enabling and support structures, roles and responsibilities. These structures also bridge the gap between the process of developing the organisation's strategy and that of its delivery.

This is the 3 day approach to gaining the Foundation qualification. It is an intense course that covers the version released in 2013 and will require delegates to prepare thoroughly and be prepared for evening work throughout the course. The course includes the Foundation examination and prepares delegates for the Practitioner course should they wish to move on to that level.
