

# PRINCE2®

## ONE DAY OVERVIEW

### Introduction

PRINCE2®<sup>1</sup> (Projects IN Controlled Environments, Version2) is a structured method for effective project management. Developed by the UK Government, the PRINCE2® method is internationally accepted as the leading “best practice” project management approach and is widely used in the private and public sectors, both in the UK and internationally.

The course covers the 2017 version and provides delegates with an overview of in the techniques, processes and tools of PRINCE2® and Project Management methodology.

This is one day course offers delegates and introduction to PRINCE2® approach and how it can be used for any type of project regardless of its size or complexity levels. The course prepares delegates for progression onto the 3 day Foundation and subsequent examination.

### Target Audience

This course is intended for staff involved with project support or project assurance roles and wish to gain an understanding of what PRINCE2 is, before embarking upon formal qualification, for example:

- Department heads
- Project team managers
- Project team members

### Course Benefits

- An overall understanding of the benefits and principles that can be found in a structured approach to project management.
- An appreciation of the principles of PRINCE2® within a work environment.
- Facilitate communication with project management colleagues who use PRINCE2®.

**Duration:** 1 day

**Pre-Requisites:** No previous experience is required although an active interest in project and change management would be a benefit.
