

PRINCE2®

FOUNDATION & PRACTITIONER COURSE

Introduction

PRINCE2®¹ (Projects IN Controlled Environments, Version2) is a structured method for effective project management. Developed by the UK Government, the PRINCE2® method is internationally accepted as the leading “best practice” project management approach and is widely used in the private and public sectors, both in the UK and internationally.

The course covers the 2017 version and provides delegates with a solid grounding in the techniques, processes and tools of PRINCE2 and Project Management methodology.

Extensive use is made of case study material which is designed to help delegates consolidate the elements of the PRINCE2 Foundation part of the course, produce the key PRINCE2 management products, discuss PRINCE2 scalability issues and apply the elements of PRINCE2 to a practical scenario as they will be expected to do so in the Practitioner examination.

Target Audience

This course is intended for staff involved with project support or project assurance roles and wish to gain a qualification, for example:

- Project Managers
- Project Assurance
- Project Support
- Project team members

Course Benefits

- Application of PRINCE2 common vocabulary
- Increased confidence to delegates in real world application
- Thorough knowledge of the PRINCE2 methodology at theory and application level.
- Delegates will be fully prepared to take both the PRINCE2 Foundation and Practitioner examinations
- You can maintain your certification through the new [PRINCE2 Membership scheme](#)

Duration: 5 days

Pre-Requisites: This course is intensive and delegates will be required to undertake both pre-course preparation and revision work in the evening to prepare for the examinations. Delegates must pass the PRINCE2® Foundation examination at 55% or more if they wish to progress on to the Practitioner qualification/accreditation.

TRAINING ORGANIZATION ACCREDITED BY

About Aspire Europe

The case for using Aspire Europe is compelling; we are an Accredited Training organisation by APM, C4CM and The APM Group and an AXELOS Limited accredited consulting partner. Our trainers include mainly practising project managers who are also approved trainers who have been involved in the development and review of the method. They provide interesting and stimulating events.

The 5 day course is intense, and for individuals coming from a project or operations background the sheer volume of information that has to be processed to achieve Practitioner level can be baffling. Preparation is the key to success, which is why we provide a full pre-course programme to help you arrive on the first day fully prepared.

Public Event: Public courses are based around the case-study scenario that is used for the Practitioner examination.

In-House Event: Can be tailored around a current programme or planned programme to help with planning or transition.

Public Event: Price on application

In-House Event: Price on application
