

PRINCE2® Foundation Interactive Learning

Introduction

PRINCE2®¹ (Projects IN Controlled Environments, Version2) is a structured method for effective project management. Developed by the UK Government, the PRINCE2® method is internationally accepted as the leading “best practice” project management approach and is widely used in the private and public sectors, both in the UK and internationally.

This **APMG accredited i-learning course** covers the 2009 version of the PRINCE2® project management method and prepares delegates for the **Foundation** examination.

Target Audience

Anyone filling a significant role in project, for example:

- Project Managers
- Project Assurance
- Project Support
- Team Leader
- Project team members

Course Benefits

- Delegates will be fully prepared to take the PRINCE2® Foundation examination
- Potential to continue on to Practitioner level

Duration: Approx. 12 - 15 hour

Pre-Requisites: None

**Price: £199 per person (full package)
for 12 months access**

About Aspire Europe

The case for using Aspire Europe is compelling; we are an Accredited Training organisation by APM, C4CM and The APM Group and an AXELOS Limited accredited consulting partner. Our trainers include mainly practicing consultants who have achieved Registered Consultant status. Aspire Europe Ltd also provided the Lead Author for the 2007 and the 2011 versions of Managing Successful Programmes.

We constantly strive to offer refreshing courses, material and examples to the market and provide interesting and stimulating events.

The course is intense but fun, and for individuals coming from a project or operations background, the sheer volume of information that has to be processed to achieve Foundation level can be baffling. Preparation is the key to success, which is why we provide a full i-learning programme to help you arrive for the exam fully prepared.
