Aspire Europe Limited
helping organisations to manage change

RISK MANAGEMENT
eLEARNING MASTERCLASS

Introduction
This is our ultimate risk management eLearning course.

It provides you with a unique opportunity to attain not only the theoretical knowledge of risk management from our expertise as thought leaders in this area – releasing current thinking in publications such as Managing Successful Programmes and Management of Risk (M_o_R®) – but also to attain an understanding of the practical application we have acquired as accredited consultants assessing organisational performance.

Target Audience
This course is ideal for:
- Directors
- Senior managers
- Programme and project staff (board members, managers and teams)
- Programme office staff
- Business Change Managers
- Staff involved in risk assessment or management

Course Benefits
- Introduces and explains risk management principles
- Increased confidence to manage risks
- Introduces and explains roles involved with the risk management process
- More effective contribution to risk management in the workplace
- Opportunity to share ideas and concepts with others

Pre-Requisites: None required.

Price: £75 per person (full package) for 12 months access
+ £175 for C4CM qualification
