

eLEARNING SITE LICENCE

Introduction

This full eLearning site licence provides access to 200 hours of eLearning including UK government best practice products and all our theme masterclasses materials as well as:

- Fully configurable modules that can be linked to professional development competency frameworks
- Additional materials to cover advanced subject areas such as risk
- Access to online materials for 12 months
- Self-administration of courses by your L&D department via self-enrolment keys
- Unlimited number of users have access to unlimited numbers of courses and materials
- Materials continually under development, all new materials included in the price

Target Audience

This package is intended for all staff involved in Project, Programme, Portfolio and Change Management roles looking to extend or refresh their knowledge in the industry

Course Benefits

- Creates a one stop shop for all your training and development materials
- Enables your staff to access as much training as they need to increase their performance or widen their knowledge.
- We can match the modules to your own professional development programmes
- Includes a project & programme competence framework that is compatible with [APM](#) and P3M3® needs
- Removes the need to track licence usage
- Implementation support helps you to maximise the value of the investment
- We offer the option of setting up your own branded login page
- Monthly progress reports on progress of your staff and their test results

About Aspire Europe

The case for using Aspire Europe is compelling; we are an Accredited Training organisation by [APM](#), C4CM and The APM Group and an AXELOS Limited accredited consulting partner.

Our trainers include mainly practicing consultants who have achieved Registered Consultant status. Aspire Europe Ltd also provided the Lead Author for the 2007 and the 2011 versions of Managing Successful Programmes®.

We constantly strive to offer refreshing courses, material and examples to the market and provide interesting and stimulating events.
