

PRINCE2® 2017

PRACTITIONER BLENDED LEARNING

Introduction

PRINCE2® (Projects IN Controlled Environments, Version2) is a structured method for effective Project Management. Developed by the UK Government, the PRINCE2® method is internationally accepted as the leading “best practice” Project Management approach and is widely used in the private and public sectors, both in the UK and internationally.

The course covers the 2017 version and is designed for individuals who have undertaken the Foundation Course (either classroom or eLearning) and passed the examination, and now wish to move on to the higher examination level.
