

PLANNING PRINCIPLES eLEARNING

Introduction

This is our ultimate planning principles eLearning course.

Good planning is at the heart of good programme and project management, all too often good practice that is learned on training courses is not put into practice in the real world. This course covers the key concepts and reminds practitioners of the good practice principles and can lead to the award of a nationally recognised certificate following an assessment exercise.

Target Audience

This course is ideal for any staff involved in either a Programme or Project role that involves planning, for example:

- Operations staff taking up a BCM role
- Project Managers and their teams
- Programme Managers who have recently been appointed
- Programme and project office staff

Course Benefits

- Increased confidence in using common planning techniques
- The elements to consider when developing a plan
- Techniques and tools to help construct a realistic plan
- Control measures that enable effective control of a plan

Pre-Requisites: Attendees should be working in a Programme Office and/or have attended/completed the Programme Management Overview course.

Price: £75 (exc. VAT) per person (full package)

+ £175 for C4CM qualification
