

PROGRAMME MANAGEMENT PRINCIPLES eLEARNING

Introduction

Managing Successful Programmes is the de-facto standard developed by the UK government for delivering change programmes in the UK. This course is an overview of the key principles of Programme Management and the processes that should be followed to achieve a successful outcome.

Target Audience

Senior managers often find this course stimulating as it brings together a number of management concepts and aligns the concepts of project management and business change:

- Senior Managers
- Programme leader
- Programme office staff
- Project teams
- Operations staff involved in change programmes
- Business analysts

Course Benefits

- Introduction to key concepts of Programme Management
- Recognising the drivers for change and how they are harnessed.
- The critical steps for any programme
- Understanding the differences between programmes and projects

Duration: Approx. four hours

Pre-Requisites: None required. This course is designed for people with minimal experience.
